

No home should be without a full supply of household remedies. ANY HOUR the children may hurt themselves or contract some contagious disease. A sickness arrested in time is never so severe or dangerous. Let us warn you to be prepared for any emergency—not because we want to sell medicines and druggists' supplies, but because you really OUGHT to have them.

Home Mission Society.

The business meeting of the Women's Missionary Society was held at the church on Thursday, Sept. 24, and led by the president, Mrs. Wagner led in prayer, followed by the scripture lesson found in Mathews 25 XXXI.

Collection of dues amounted to \$3.20. Mrs. Brown was admitted as a member of the society. First vice-president reported 8 names of babies for the baby lot. The young people's society reported \$10.00 made this quarter. Third vice-president reported 7 members of the Mission Study class, and the class will meet with Mrs. Orr on Thursday, combining the work meetings with the study class until after the bazaar in November. Treasurer and publicity Superintendent also gave their reports for the quarter. After making some disbursements the deposit in bank is \$10.00. \$6.50 was realized from Tag Day. A committee of Mrs. J. H. Mathews, Mrs. Daugherty, Mrs. Taylor and Mrs. Flannery were appointed to look after the child's clothes for the winter. Adjournment by repeating Lord's Prayer.

Mrs. H. A. W. Skeen, Pub. Supt.

The apple crop is estimated now at 210 million bushels, which is 56 million bushels more than 1913 and 25 million short of 1911 crop. Virginia stands third on the list, with 12,300,000 bushels. Pennsylvania and Michigan are ahead, with 19,500,000 and 13,100,000, respectively.

Make Winter Cozy

With the advent of fall and winter you will be wanting to add a little furniture to the home—a new set, or a table, or chair, or some other odd piece you may need to make things more cozy during the wintry blasts.

Our stock is all complete and ready for you, and includes some of the handsomest pieces ever shown. They are the same that sell for high prices in the large cities, but we have paired the price right down to the limit.

A COLLEGE COURSE

Is all right if you have plenty of time and money to gratify a desire for knowledge you will never have any use for in business. But think of the cost.

Cost of four year's course at say only \$400 a year \$1,600
Loss of three year's time at an average of \$75 per month 2,250
Total cost \$3,850

Even after a literary course, one has little if any better earning capacity, and to make use of it must have a further course in medicine, dentistry, law, chemistry, civil, electrical or mechanical engineering at a further approximate cost of \$4,300

Total cost of college and professional course, approximately \$8,000
And then a starving period of several years trying to get established.

Contrast These Courses with the Advantages of a Business Education

Full Combined Course, 12 months' tuition, board, room and books \$ 304.50

Difference in cost \$8,295.50

Only one year gone. Six years saved. \$8,295.50 saved. Six years in which to gain experience in business. Six years to get a start in life. Six years association with business men. Six years to take advantage of opportunities. Six years to get and be established.

Think of it. Doesn't it really look foolish to spend six years at a cost of \$8,295.50 in preparing for professions that are already crowded? There are enough doctors in Roanoke to doctor the entire State and enough lawyers to keep the entire State in trouble.

If you have a desire for college education and not the money, get one of our courses, and it will pay your way through college. Write us and we will tell you how to do it.
